Installation, Safety & Care

Please read before use and keep for future reference.

MAXIMUM TOTAL LOAD

200 kg

Includes all occupants, mattress, bedding and other belongings. Distribute weight evenly.

01 INSTALLATION & REMOVAL

NO TOOLS REQUIRED FOR INSTALLATION

1. **Prepare the vehicle.** Park on level ground, open the tailgate and fold the rear seatbacks forwards as required.
2. **Fit the front board.** Insert the first board through the tailgate and slide it towards the rear seats, making sure it rests correctly on the vehicle side supports.
3. **Fit the rear board.** Lift the second board through the tailgate, with its joining edge facing the front board.
4. **Join the sections.** Engage the aluminium joining channel with the front-board edge, then lower the rear board until both sections lie flat and level.
5. **Check before use.** Ensure both boards are supported, the joining edges are correctly engaged and the platform is stable.

Removal: Reverse the process: lift and disengage the rear board first, then withdraw the front board. Avoid catching vehicle trim.

03 CARE & MAINTENANCE

- Vacuum the carpet regularly. Clean marks with a damp cloth and suitable mild upholstery cleaner.
- Avoid soaking the carpet or exposing the plywood to excessive moisture. Dry fully before storage.
- Periodically inspect boards, aluminium joining sections and fixings for wear, damage or looseness.
- Avoid dragging sharp or abrasive objects across the carpet.

02 IMPORTANT SAFETY INFORMATION

- Do not stand, jump or put excessive concentrated weight on the boards or their edges.
- Never use or occupy the bed while the vehicle is moving.
- Before driving, ensure both boards are securely restrained against movement or removed and safely stowed. Do not obstruct seats, seatbelts or vehicle safety equipment.
- Do not allow children to play on or underneath the platform unsupervised.
- Keep away from naked flames, portable heaters and excessive heat.
- Do not use the platform if any part is damaged, loose or incorrectly positioned.
- Do not modify the boards, aluminium joining channels or other components.

04 STORAGE & HANDLING

- Store boards flat in a clean, dry place when not in use.
- Avoid prolonged exposure to moisture, direct sunlight or excessive heat.
- Do not place heavy items on top of the boards during storage.
- Lift and carry with care to avoid injury or damage to the vehicle interior.

05 WARRANTY & SUPPORT

12-month warranty against manufacturing defects, subject to our warranty terms. Your statutory consumer rights are unaffected.
